

**Rt Hon. Bill English
Prime Minister
Parliament Buildings
WELLINGTON 6160**

27th March 2017

Dear Prime Minister

DUNEDIN HOSPITAL SOS CAMPAIGN

Heart of Dunedin Inc. is a representative group of Dunedin CBD stakeholders, including but not limited to retailers and landlords.

We note the launch of the 'Dunedin Hospital SOS' campaign by the Dunedin City Council and write to support this campaign in the strongest terms. Heart of Dunedin believes strongly that the government should immediately and publicly dismiss the consideration of any locations outside of the Dunedin CBD, as the impact of moving services outside of the central city would have a significant economic and practical impact on the heart of the CBD. We support the position that the hospital should be rebuilt as close as possible to its current location and call on the government to remove from consideration any sites outside of the CBD.

We welcome your feedback on this matter of significance to our city.

Yours sincerely

Heart of Dunedin Inc
